

CONCURRENT ENROLLMENT OF HIGH SCHOOL STUDENTS

High school students shall be permitted to enroll in an Adult Education program, course, or class for sound educational purposes. Such classes shall supplement and not supplant the regular high school curriculum. Sound educational purposes include, but are not limited to, the following: (Education Code 52523)

1. The Adult Education program, course, or class is not offered in the regular high school curriculum.
2. The student needs the Adult Education program, course, or class in order to make up deficient credits for graduation from high school.
3. The Adult Education program, course, or class allows the student to gain vocational and technical skills beyond that provided by the regular high school's vocational and technical education program.
4. The Adult Education program, course, or class supplements and enriches the high school student's educational experience.

High school students are expected to enroll in regular high school classes before seeking admission to any similar classes offered in the Adult Education program. A failed course, however, may be repeated through Adult Education.

Before enrolling in an Adult Education class, the high school student shall complete a counseling session that includes his/her parent/guardian and a certificated representative of the high school. The certificated high school representative shall ensure that the student's school record includes written documentation of the meeting and both of the following statements: (Education Code 52500.1, 52523)

1. That the student is enrolling voluntarily in the Adult Education class.
2. That this enrollment will enhance the student's progress toward meeting educational requirements for high school graduation.

The above statement shall be signed by the student, the parent/guardian, and the certificated high school representative.

The last day for concurrent seniors to enroll in Adult Education to make up failed classes for the 2018-19 school year is February 2, 2019. No referral forms will be accepted after that date.

Thursday, May 30, 2019 is the final day for concurrent students to have all coursework and hours completed.
